 github.com/ZiineZ

Motivated Computer Science student at TU Eindhoven with strong hands-on software engineering experience, from low-level/system logic to full-stack applications. Solid programming fundamentals and a practical understanding of how software runs in the real world. Looking to contribute quickly in a fast-paced engineering team by building reliable, well-structured solutions.

EDUCATION

2nd year Bachelor of Computer Science and Engineering, Eindhoven University of Technology

09/2024 – Present | Eindhoven, Netherlands

Relevant Coursework: Data Structures, Software Design, Software Specification, Programming, Cryptology, Networks, Computer Systems.

PROJECTS

ChainReaction: Strategy Game (JavaFX), A grid-based chain-reaction game featuring custom animations, scalable UI logic, and a smooth gameplay experience.

Designed full core logic with emphasis on fast, predictable behavior.

BalanceOS: Administrative Toolbox (JavaFX), Full-stack proof-of-concept for financial administration workflows.

Built core logic enabling receipt imports, spending tracking, and basic balance-sheet management.

Autonomous City-Mapping Robot (ROS2 + TurtleBot3 + Unity/Gazebo), Challenge-based learning project creating an autonomous mapping robot for real-time navigation.

CleaningSchedule: Web App (HTML/JS/CSS), Lightweight site generating synchronized local seed-based task schedules using datetime logic.
<https://huisgenootjes.nl>

Optiver Arbitrage Hackathon: Stock Prediction Bot (Python), Developed a competitive arbitrage trading algorithm utilizing Black-Scholes pricing with speed-optimized execution.

EXPERIENCE

Amac Apple Premium Reseller, Medior Sales Advocate

11/2023 – Present | Heerlen, Limburg

high-value sales, need-matching, value framing, Apple-care insurance, trust-based advisory, explanation simplicity, product expertise, technical issues, customer satisfaction

Lyvia, Standby Elderly support Worker

05/2022 – 05/2023 | Landgraaf, Limburg

Prepared meals, assisted in daily tasks, and ensured a calm and supportive environment in a care setting.

LANGUAGES

Dutch: Native • **English:** Native

LEADERSHIP & ACTIVITIES

GEWIS, Member of the MASV

11/2025 – Present | Eindhoven, Noord-Brabant

- Contributed to long-term organisational strategy, analysing GEWIS' development for the coming years.

GEWIS, Treasurer, First Year committee

09/2024 – 06/2025 | Eindhoven, Noord-Brabant

- Managed budgets for member events and coordinated financial planning.
- Organized social-related activities connecting students with each other.
